- Official travel, out of the State, by private automobile, will be reimbursed at the lower of the mileage rate or round-trip coach airfare. Reimbursement will be for the mileage during travel only.
- When making your request, you must submit documentation of the current airfare to determine the lowest rate.
- If two or more persons travel by private automobile, reimbursement will be allowed at the same rate of \$0.585 per mile on the basis of standard mileage tables. Only one transportation charge will be allowed regardless of the number of persons.

Rental Car

- Travel in a rental car is permitted and reimbursement is given **only** for gas and the rental fee.

- Faculty members should plan early for travel. Documents submitted require approval and processing by three (3) offices therefore, you should make every attempt to submit your request at least two months prior to travel to ensure proper processing and approval.

Report Guidelines

It is a requirement that faculty members who travel from Title III funds submit, to the Title III Representative, a report documenting how the information attained at the conference/seminar/meeting, etc. attended enhanced their instruction/activities at the University. As you are aware, there are certain goals the University set each fiscal year and relies on the training from the activities faculty members participate in to help in achieving these said goals. Accordingly, with the goal of a strengthened instructional program executed to yield highly competitive students and thereby the achievement of exemplary student learning outcomes, program activities will include:

- A. Faculty development activities to improve instruction
- B. Acquisition by faculty of contemporary pedagogical skills and approaches through attendance at selected conferences, topical workshops, and training sessions
- C. The convergence of instructional materials, courseware, best practice instructional modules, specific competencies-based assessment of student learning resources, and other professional development resources.

The above are the goals that the University pledges to accomplish for this fiscal year. In preparing your report, please focus on the above-stated goals when answering the question "how your instruction/activities will be enhanced as a result of your participation in this activity".
